

# ASSESSMENT MATTERS

## Taskstream AMS Update

As we start the new academic year, the OIA Assessment team is finishing up their reviews of the 2017-2018 Assessment Cycle. We have 394 workspaces active within AMS. Congratulations to all of you who completed their workspaces and submitted them for review. We will be reporting out our findings for the 1, 3, and 5 years post-APR scoring soon. We also evaluated the 2, 4 and 6 year post-APR plans that were submitted, however those evaluations will only be shared with the programs as formative feedback.

Here are some statistics of where programs are in the assessment process and Taskstream.
