ANNUAL REPORTING ON PROGRAM ASSESSMENT

Until now, we have always asked that the annual updates for all program assessment plans be completed by the summer. However, many departments do not discuss the previous year's findings until late August at the start of the fall semester. Therefore, we are changing the update deadline to September 30th. We encourage all of the programs to have their findings uploaded by the summer, and if you have the changes identified, please complete your workspaces and submit them for review. However, if you need to wait until faculty review the findings and discuss, we will expect to see your 2018-2019 Assessment Cycle submitted for review by the end of September.
