FACULTY LEARNING COMMUNITIES

The Fall 2020 faculty learning community (FLC) registration page is up and running! If you are interested in participating in one (or more) of the 11 communities we are offering this fall, please visit the Academic Affairs Faculty Learning Community Registration site.

Faculty learning communities begin the week of September 21st and run through November 20th. We will meet 5 times (generally every other week) for approximately one hour per meeting.

FLC topics include: Student Engagement, Teaching Online, Diversity and Inclusion and more. Contact Sarah Grace (sgrace@email.arizona.edu) with any questions.

NOTE: THESE COMMUNITIES ARE OPEN TO ANYONE WITH AN INTEREST IN TEACHING AND LEARNING.

DIGICATION

Are you interested in upping your teaching game with a high impact practice? And having students showcase work and make meaningful connections in their courses? What about prepping for the Gen Ed Refresh? If yes, then Digication is for you!

Digication is an eportfolio program that allows students to collect materials, reflect on learning, showcase work, and connect ideas from across courses, years, and experiences. Digication also allows instructors and programs to assess student work, design course specific templates, and aid in student persistence.

We anticipate that Digication and eportfolios will be an essential part of the General Education Refresh so if you are interested in exploring and piloting Digication contact: emilyjoschwaller@arizona.edu for more information.

That's all Folks!
